

THE MILITARY BILL.

THE SALIENT POINTS OF THE PROPOSED ACT.

A General Enrollment of Adult Males as Subject to Military Duty in Hawaii.

The Militia bill, which is in its first reading, provides that every able-bodied male inhabitant of the Hawaiian Islands, except Asiatics, between the ages of 18 and 45, not exempt by law, is subject to military duty. No alien is, however, obliged to serve against the State to which his allegiance is due and the following people are held exempt from enrollment: ministers of religion; members of the Executive and Advisory Councils, and the officers of foreign governments.

It is provided that the organized and uniformed National Guard shall consist of not more than ten companies, which must be located throughout the Islands with reference to the military wants thereof. All the companies will be joined together as a battalion or regiment with the President as Commander-in-Chief.

The following oath is to be taken by all officers: "I do solemnly swear that I will support the Provisional Government of the Hawaiian Islands and will maintain and defend the laws and all officers employed in administering the same, and that I will serve in the National Guard of Hawaii as..... for the term of one year, provided that the Government should so long require my services."

Any commissioned officer who absents himself from the Islands for more than thirty days, without permission, will be deemed to have resigned.

All fines and penalties, legally determined and imposed, may be collected by action in the District Court.

Officers and soldiers, who comply with all militia duties, are exempted from the payment of poll tax and road tax.

No military organization provided for in this act shall, either for ceremony or duty, carry any flag of any State or nation, except that of the Provisional Government.

Section 27 reads as follows: "Whenever a sufficient number of persons, subject to military duty, subscribe a call for the organization of a company, the commander-in-chief, upon the application of such persons, and by and with the consent of the Executive and Advisory Councils, must appoint a time and place of meeting for the purpose of organization, and detail an officer to preside over the same."

An annual inspection and muster is provided for.

In case of war, insurrection or rebellion, or of resistance to the execution of the laws of this Government, the National Guard, or Militia, or any part thereof, may be called into active service upon the call or requisition of the President of the Provisional Government. If not enough persons present themselves a draft may be ordered. The rest of the Act deals with general military regulations.

INSTALLATION LAST NIGHT.

Polynesia Encampment Installs Its New Officers.

THE INSANE ASYLUM.

Quarterly Report by the Medical Superintendent Filed.

The quarterly report of the Medical Superintendent of the Insane Asylum has been filed with the Minister of the Interior. It shows that seven patients had been admitted during the quarter ending June 30th, making a total of 81. By discharge and death 11 were lost, leaving 70 under treatment. Of these 19 are Hawaiians, 15 Portuguese, and 16 Chinese. Six are citizens of the United States. The general health has been good, and it is a remarkable fact that while all the keepers have suffered from 11 gripple the patients have escaped its ravages.

DISTRICT COURT MATTERS.

Judge Foster Has an Easy Time This Morning.

Judge Foster resumed his place on the bench of the District Court this morning, but did not have much business to transact.

The cases of Ah Hook, Ah Li, Ah Chong, Ah Fuok and Ah Nee, heretofore found guilty of smoking opium, were suspended until moved on by the prosecution and the defendants released on their own recognizances. This course has been pursued in order to allow them to leave on the China to-morrow.

Manuel Perry and S. Keane, two hackdrivers, charged with being drunk in their carriages on July 7th, were

found guilty and fined \$4 each, with \$1 for costs, and cautioned that a similar offense would forfeit their licenses.

The cases of Ahe, Che Pang and Young Wah, for the unlawful possession of opium, were continued till Wednesday, July 12th. Julia, a wahine who had deposited \$6 for her appearance on a charge of drunkenness, failed to catch the car, and her bail was forfeited. T. Floyd pleaded guilty to being drunk yesterday, and got off for \$5, which included costs of Court.

HAS A COLLECTION LEFT.

Mr. Thrum Sold Duplicate Copies to the Russian Count.

EDITOR STAR: The statement that Count Constantine Popoff had secured my collection of Hawaiian woods for his museum in Moscow, Russia, is erroneous in so far as it conveys the impression of a loss to this country of a valuable collection, which had taken me many years in gathering together.

What I was requested to do for our distinguished visitor's museum was to prepare, among other things, as complete a collection of Hawaiian woods, as indigenous and introduced, as possible. Fortunately, in making my collection I had gathered mostly duplicate for just such a possibility as a call upon short notice for the enrichment of some national institution. Hence I was enabled to get together almost an exact counterpart of my own collection during the Count's brief visit.

Yours, etc.,
July 8, 1893. THOMAS G. THRUM.

THE GAME OF FOOTBALL.

Good Prospects for a Series of League Games.

D. W. Corbett, the already popular secretary of the Y. M. C. A., and a well-known enthusiast in football matters, has soon made his influence felt in football circles, with the result that a Honolulu team has been organized to meet the challenge held out by the boys on the Boston some time since. The city team will meet at the new baseball grounds on Tuesday evening for practice. Two games have been arranged for with the Boston team, the first of which will probably take place two weeks from to-day. If Mr. Corbett's plans are carried out, a football league, comprising the Honolulu, Punahou and Boston teams, will be organized and a series of games arranged for next fall.

Superstitious Natives.

The Hawaiians resemble the negroes of the South and West Indies in one respect. They have not broken with their ancient beliefs altogether, although they have long been under Christian influences. The negroes practice voodooism secretly, and are extremely credulous about its effects. They have even been known to invoke the aid of a voodoo conjurer to get rid of a tax collector, who is commonly an invincible personage. The Hawaiians keep up their respect for tabu. The palace of Liliuokalani was tabu, and, under dreadful penalties, was not to be profaned. But the Provisional Government has crossed the threshold and taken possession of the royal abode, and, surprising to say, the thunder of vengeance has not yet descended. As the native conjurers, or kahuna, are behind in their reckoning with the unseen powers, this discovery of the imbecility of tabu may scatter native royalty to the winds of derision. The new order of administration when the United States takes hold will be the strongest tabu they have known.—San Francisco Call.

Returned From Hawaii.

Messrs Paul Neumann and Okots returned from Hamakua, Hawaii, by the Claudine this morning. The former went for the purpose of being present at the trial of the luna who was charged with shooting a Japanese at Kukuihaele some weeks since, while the latter went to watch the case on behalf of the Japanese Consulate. The trial took place before Judge Lyman and a jury, but owing to Mr. Neumann having already left town it is impossible to give the result.

Another "Opium" Arrest.

While Chuck Yow, an innocent-looking Celestial, was walking along Nuuanu street this morning another Chinese stepped up to an officer near by and said that Chuck Yow had opium in his possession. The officer promptly escorted Chuck Yow to the station house, where he was searched and a quantity of smoked opium found on him. Smoked opium is the refuse remaining in the pipes after smoking, and is used over again by mixing it with a portion of the fresh material.

An Aristocratic Wedding.

The wedding of Ernest Wodchouse and Miss May Ward will be solemnized on Monday evening at St. Andrew's Cathedral by the Rev. Alex. Mackintosh. The service will be a full choral one, and the music and singing will be a treat to those who have been invited. Wray Taylor will officiate at the organ.

The Leper Expedition.

The Pele arrived late yesterday afternoon, bringing no news of importance from Kalaiala. The troops are in the upper part of the valley, and have shelled the woods where the lepers are believed to be in hiding. Koolaula and his family had not been seen.

Professor Wood of Punahou College will lead the praise service at the Y. M. C. A. Hall to-morrow evening. A large audience is expected, as this is the last time the Professor will be heard previous to leaving the Islands.

THIS MAKES US WEARY.

WILCOX'S SILLY LETTER TO MORENO.

Something to be Contrasted With His Former Eulogies of Annexation.

The Washington News says:

Interesting news through private correspondence from Hawaii has just reached this city. Celso Cesar Moreno received two letters from friends in Honolulu which shed considerable side light upon the exciting events in the faraway island—causes that led up to them and the outlook from the standpoint of the citizens.

Robert W. Wilcox, one of the writers, is prominent in Honolulu and exceedingly well posted upon Hawaiian affairs. These letters, together with copies of the latest Honolulu papers, were laid before President Cleveland by Mr. Moreno.

Here are the letters:

HONOLULU, May 23, 1893.
DEAR FRIEND MORENO: Everything here in Hawaii is very quiet, and the people are waiting patiently what course the United States will take for the settlement of the state of affairs in Hawaii.

As everybody knows, the present Provisional Government has been established by the ex-Minister, J. L. Stevens, with the forces of the United States, namely, the marines of the United States steamship Boston.

Without Mr. Stevens' interference nothing would have taken place. The rightful government of the Queen would still exist. United States Minister Stevens took everything in a high-handed way and brought about the dethronement of Queen Liliuokalani without any good cause, but only for the ambition of having his name made famous. But his action is only a disgrace for him and for the country which he represented. Every upright American here does not approve of Minister Stevens' conduct. Moreover, the missionary crowd is holding the power which Mr. Stevens has given them through the aid of the United States force of arms. Fortunately President Cleveland has honored Hawaii with an impartial man, the Hon. J. H. Blount, who will refer the truth to President Cleveland. The Hon. J. H. Blount is receiving both parties with impartiality.

The Provisional Government is upheld by mercenary soldiers, consisting of deserters of the lowest element of human nature, and they are commanded by a man of degraded morals, a fugitive from justice.

Another happy thing for the oppressed and much abused Hawaiians is the arrival of Charles Nordhoff, who is exposing the true facts in the American press.

The Provisional Government tried to persecute this gentleman in order to stop him from exposing the infamous work of these missionary leaders of Minister Stevens. But fortunately Minister Blount interceded for his protection. Some so-called prominent men of this opera bouffe government are talking openly of assassinating Mr. Charles Nordhoff and also the Queen. Everybody here expects that the United States will do justice to the Hawaiians by restoring their Queen.

As the Provisional Government is finding out that the United States will not have anything to do with their annexation scheme, they are trying to throw mud on the royal family of King Kalakaua dynasty by sending abroad four statements to tell all kind of stories—"no blue blood," etc. King Kalakaua dynasty is from the island of Maui, and sprang from the most powerful and proud family, Keawe-a-Heulu and Kameamea.

This family stands as high as the Kamehameha in blood, if not higher, with the only exception that Kamehameha became a conqueror without the assistance of Keawe-a-Heulu, Kameamea, etc. Kamehameha could not of himself have completed his great work, the unity of Hawaii into one kingdom.

The Provisional Government is very unpopular and very weak, but as the people are awaiting what course the United States will take so the Provisional Government will exist a little longer to damage the prosperity and the good name of Hawaii.

The military officers of the Provisional Government have stolen the crown of King Kalakaua and the Provisional Government pretends to have no knowledge of the theft. Every Hawaiian stands for unity and for Queen Liliuokalani and for Princess Kaiulani, the Crown Princess.

The missionary faction don't wish to work in the right way by educating the people first towards annexation. No, they have no idea of annexation with some justice about it. In short, this annexation scheme is got up by the United States will spend some millions of dollars in Pearl Harbor, and naturally America has to be by their front instead of theirs—it is all for self. Their power also, because they could blindfold the United States. They have lost their political power. Here they are nobody. Poor Stevens was a ambition's sake. Poor Stevens was a better tool in the hands of the missionaries than Atrey General Conly of Ohio, in 1880. I hope and feel confidently that before I have an answer from you this Stevens trouble will be all settled by justice—of the United States.

My best aloha nui to you,
ROBERT W. WILCOX.
